

Sale Name: Vintage and Novelty Radios - Vacuum Tubes - Coins

LOT 43 - Firestone R-313A Tube Radio in Wooden Case

Description

Firestone model R-313A tube radio featuring a wood case with Art Deco styling, a front dial with frequency ranges from 55-150, and tuning knobs. The radio is marked 'Firestone R-313A' with serial number E34112. Made in the United States, it includes an attached cord. The wood case shows significant wear, particularly at the edges, and the item's functionality is untested. Sells as is.

Quantity: 1
